Office of Research on Women's Health; Notice of Meeting—"Beyond Hunt Valley: Research on Women's Health for the 21st Century"

Notice is hereby given that the Office of Research on Women's Health (ORWH), Office of the Director, National Institutes of Health (NIH), will convene a meeting on November 17, 18, and 19, 1997, at the Bethesda Marriott (formerly Pooks Hill Marriott), Bethesda, Maryland.

The NIH/AES is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical educations for physicians.

The NIH/AES designates this educational activity for a maximum of 10 hours in category 1 credit towards the AMA Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

The ORWH/NIH research agenda recognizes the full spectrum of research from basic to clinical research and trials, epidemiological and population studies, clinical applications and health outcomes. Since September 1996, the ORWH has convened a series of three regional meetings for the purpose of updating the NIH scientific agenda on women's health research to meet the challenges of a changing scientific and social world. This mechanism provides an opportunity for the continued collaboration between individuals and groups of women and their families, advocates, scientists, health care practitioners and public health policy makers with the NIH to update and revise the national research agenda for women's health into the twenty-first century. The purpose of this national meeting will be to culminate the dialogue conducted over the last year to update and revise the current biomedical research agenda for women's health, as originally presented in the Report of the National Institutes of Health; Opportunities for Research on Women's Health, a publication based on a conference held in Hunt Valley, Maryland, September 1991.

The first day of the national meeting, November 17, will be devoted to receiving public testimony from 1:00 p.m. to 6:00 p.m. The ORWH invites individuals or individuals representing organizations with an interest in research areas related to women's health
